1. **ICG/IOTWS Tsunami National Contact (TNC)**

Name: Dr. Agnes L. Kijazi  
Title: Acting Director General  
Organization: Tanzania Meteorological Organization  
Postal Address: P.O. Box 3056 Dar es Salaam, TANZANIA  
E-mail Address: kijazi@meteo.go.tz  
Telephone: + 255 22 2460 735  
Fax: + 255 22 2460 735  
Cellular phone: + 255 784 501 692

2. **ICG/IOTWS Tsunami Warning Focal Point (TWFP)**

Name: Mohamed R. Matitu  
Title: Acting Director Forecasting Services  
Responsible Organization: Tanzania Meteorological Organization

3. **Tsunami Advisor(s)**

To be communicated later
4. Tsunami Standard Operating Procedures for a Local Tsunami

Being developed but for Tanzania this is not common

5. Tsunami Standard Operating Procedures for a Distant Tsunami

These are also being developed. However, currently the generic procedures were being used when a distant tsunami hazard exist.

6. National Sea Level network

Current the Agency does not operate any network. Further details will be communicated later when available

7. Information on Tsunami occurrences

None

8. No national tsunami websites. All tsunami information are posted on agency website: www.meteo.go.tz

9. Summary plans of future tsunami warning and mitigation system improvements

(i) Fully fledged Tsunami Standard Operating Procedures for a Local /Distant Tsunami

(ii) A full time operational disaster Centre at the Disaster Management Department (DMD). DMD is currently reviewing its policy to take into consideration the proposed centre.

10. National Programmes and Activities Information:

(i) A Regional Workshop on Standard Operating Procedures for Tsunami was conducted in Dar es Salaam, Tanzania from 15 to 19 November 2010. There were 22 participants from Comoros, Kenya, Mauritius, Mozambique, Seychelles, South Africa, Tanzania and Yemen. This was a very successful training workshop. It was sponsored by UNESCO-IOC.

(ii) A Community Model Interface for Tsunami (ComMIT) Training Workshop was conducted in Dar es Salaam from 11 to 15 March
2011. This was another very successful workshop. The last day of the Workshop coincided with the worst Tsunami that occurred in Japan on 15 March 2011. It was also sponsored by UNESCO-IOC.

(iii) TMA continues to work very closely with Disaster Management Department (DMD), Tanzania Red Cross Society and other stakeholders on all disaster issues including Tsunami ones.
