ICG/NEAMTWS/ WG4 - Public Awareness, Preparedness and Mitigation

Report on the intersessional activities

S. Marzia & A. Plessa
EoE programme: WHAT is it?

• Exchange of experts (EoE) programme enables civil protection experts to participate in exchanges to other participating states in order to:

  – gain experience and direct knowledge about similar responsibilities in different national systems

  – familiarize themselves with various techniques used

  – study approaches taken by other emergency services

  – if necessary, to attend or give courses requiring specific expert knowledge not available in their or host country
